

## Catalytic Learning Day 2014

---

### Contract Agreement

In my capacity as official Year 9 photographer for Catalytic Learning Day 2014, I agree to:

- create a series of at least 20 thoughtful images of the activities and people engaged in Catalytic Learning
- behave sensibly and respectfully at all times towards my fellow students and members of staff
- look after the school's equipment
- listen carefully to instructions from my teachers on the day
- share the images I make on my Weebly website
- take pride in my work
- collaborate successfully with other photographers, sharing equipment and resources
- help my teachers pack away at the end of the session

If I fail to uphold the high standards expected of me at any point during this activity I understand that my privileged role as official photographer may be withdrawn by my teachers.
